

The BASSANO RECORD

With an Eye to the Future

Farmers, after paying their operating costs, don't count all the money you have at the bank as sheer profit. Much of it represents wear and tear on machinery and buildings—and also soil depletion. It's depreciation money that hasn't been spent—but it's money that must be spent sooner or later. If you are to stay in business, the logical thing to do is put this money in Victory Bonds now. Then it will be available after the war to buy equipment put buildings in good condition and build up the soil.

Good farm management calls for careful investment of surplus funds the savings of today put away for the necessities of tomorrow. The particular savings features embodied in Victory Bonds provide the farmer with a most convenient way

to do this since they yield him a high rate of interest and make the best collateral in securing short-term loans from the bank. If necessary, they can also be readily converted into cash. Wise farmers everywhere, are investing in Victory Bonds now to provide money to finance future replacements of important machinery, the post-war purchase of land and the construction of new improvements.

The smart speculator buys when prices are low and sells when they are high. With present land prices rising, today is not the time to buy land, except in unusual cases. A wise thing would be to put surplus funds in Victory Bonds now and wait until after the war to purchase land.

LATHOM NOTES

Brooks visitors from Lathom on Tuesday included Mr. and Mrs. R.E. Love, Mr. and Mrs. S.E. Gogling, Mr. J. C. Belmont, and Mr. and Mrs. Geo. Smith.

The school children had a Valentine party in the school Wednesday afternoon, when they exchanged valentines, played games, and then had a party lunch of cakes, cookies and cocoa.

R.E. Love was a business visitor to Gleichen Friday afternoon.

Mr. and Mrs. Geo. Salmon entertained friends Tuesday evening. Among those present were Mr. and Mrs. S.E. Gogling and Mr. and Mrs. E. Hickey.

THE CANADIAN RED CROSS WILL KNOCK At Your Door Soon. Be Prepared

Red Cross Notes

The Calgary Mobile Blood Donor Clinic in charge of Mrs. Burton, Mrs. Millard, and Mrs. Maybin paid its third visit to Bassano on Thursday the 15th. Eighty donors braved the severe cold stormy day of 25 degrees below zero, coming from Makepeace, Rosemary, Cooness, Gen. and Lathom. Twelve Reward Buttons were distributed to donors giving their third donation of blood. The President and Executive of the Local Red Cross Branch, thank the nurses and other ladies who assisted in the clinic, and who served the refreshments. Also to those who supplied equipment, or in any way helped to make the clinic a success.

Schedule of the meetings is as follows:

Tuesday Feb 20 8 PM
Wednesday Feb 21 8 PM
Thursday Feb 22 8 PM
Friday Feb 23 8 PM
Saturday Feb 24 8 PM

Residents of these areas are urged to attend the meetings scheduled for their own locality and to remind their neighbors of it.

Council Meeting

The First Regular Meeting of the new Council for 1945 was held in the Town Hall on Monday 19th February at 8 o'clock PM.

Present: Mayor E.L. Skerritt, in the Chair, and Councillors, Warren, MacBeth, McKee, Keith Whinnings and Scott.

The Secretary read the names of the Councillors who had been elected to the Office of Mayor, Councillors, School Trustees and Hospital Board Representation.

The Mayor and the new Councillors then took their Oath of Office.

His Worship, Mayor Skerritt addressed the Meeting and thanked the Council and the Electors for their confidence in placing him in this important position.

He referred to the long and faithful service given to the Town by Mr. W.S. Phipps, and to the excellent condition the finances of the Town were in, but he reminded the Council that economy and careful financing would have to be their rule and guide.

He referred to the efficient service given to the Council and the citizens at all times, by the Secretary-Treasurer Mr. J.R. Donaldson.

He hoped that all the Council would work together for the good of the Town and promised his full co-operation and assistance during his term of office.

The Secretary read a list of the Committees for 1945, which had been prepared by the Mayor as follows:

Finance General Executive
Coun. W.F. Keith—Chairman
A. McKee
W.R. Whinnings

Waterworks
Coun. A. McKee—Chairman
A.G. Scott
W.F. MacBeth

Fire Fight and Police
Coun. W.R. Whinnings—Chairman
W.F. MacBeth
G.S. Warren

Cemetery, Hospitals and Relief
Coun. A.G. Scott—Chairman
A.G. Scott
G.S. Warren

Town Hall and Property
Coun. G.S. Warren—Chairman
W.F. Keith
W.R. Whinnings

Public Works
Coun. W.F. Keith—Chairman
W.F. Keith
A.G. Scott

It was Resolved that the Committees appointed by the Mayor be confirmed.

The Council appointed Councillor Andrew McKee to be Deputy Mayor for the coming Three Months.

Continued on Page 4.

MAKEPEACE

(By Our Correspondent)

The last Red Cross Meeting was held at the home of Mrs. W. Weeks. The following articles were turned in: 8 pr. panties, 1 pr. of men's socks, 1 turtle neck sweater, 7 pr. men's pyjamas, 4 pr. children's anklets, 1 child's sweater, 4 pneumonia jackets, 2 blouses, 1 pr. jumpers, 2 baby gully tops, 1 housewife.

The ladies are planning on holding a bazaar in the future. The next meeting will be held at the home of Mrs. Ashmead on Wednesday, February 28. The Tea money came to \$11.50.

Mrs. W. Brockbank has arrived from England to make her home in the district.

Mrs. and Mrs. Fred Bulger were visitors at the home of Mr. and Mrs. Ole Benson Friday evening.

Mr. and Mrs. Ed Schaffer spent Friday evening at the home of Mr. and Mrs. Dick Gattage.

The local curling team consisting of Ed Schaffer, Art Arvion Jack Bulger, and Harold Mall won a game—Canoe they repeat!

The Crawford Curling team consisting of Dutch Rodbourne, Ole Rodbourne Nelson White, and Sid Rodbourne brought home a prize from the Cluny hospital.

Mrs. Hall and Mrs. Sandquist are our delegates at the Red Cross Convention held in Calgary Feb. 19th.

E.L.D. NOTES

WARREN FLY CAMPAIGN BOON TO BEGIN

At the E.L.D. annual meeting of water users held last spring it was decided that warble treatment of all cattle pastured in the E.L.D. be made compulsory.

The most effective time for treatment is from the last week in March to the 1st of May. It is advisable to give two treatments about three weeks apart. Custom charge including powder for one treatment by power sprayers will be—

100 head & over 8 cts per head
50-100 head & over 10 cts per head
Less than 50 head & over 15 cts per head.

The E.L.D. has three machines. Private owners have offered to cooperate. Birmingham Bros. of Duchesne have a new machine which will be available for custom work in the Imperial Colony and Patricia district. Miron Bros. Duchesne also have a new machine which will handle cattle from Duchesne West and North. Other new sprayers are owned by R.E. Love and Charles McKinnon in the Bassano district.

It would be well for farmers with small herds to group them at a central spot to take advantage of the lower rates.

Only by compulsory cooperation of all cattle owners in treating their cattle for warbles can this pest be cleared up. It is estimated the average annual loss from warbles is \$5.00 per head. Some stockmen claim that if their cattle were not treated they would not winter on the range.

Hand treatment with a derris solution and a brush is just as effective as a power sprayer and would be more available in districts with small herds.

Derris powder for warble treatment of cattle will be available at cost at E.L.D. Headquarters at Brooks.

MAKE ALL ARRANGEMENTS FOR TREATING EARLY.

GEN NOTES

A very enjoyable dance was held in the Gen Hall on February 10th, by the Ladies Club. Dancers came from far and near to swell one of the biggest crowds of the year.

Mrs. James was a supper guest at Mr. and Mrs. Jim Maguire on Sunday evening, also Bert Keeling.

An interesting Wm. Post Show was shown at the Gen Hall on Monday February 12th, which the School Children enjoyed too. After the Pictures Mr. Plummer gave a report on the Wheat Pool.

Mrs. R. S. Edwards is holidaying in Bassano with her daughter Mrs. A. Cadot.

Mrs. N. Wallace Milton Ryan were Calgary visitors last week end.

Mr. Shephard and children of Bassano spent the weekend at Mr. and Mrs. Jim Maguire.

Mr. and Mrs. Purcell, Mrs. James and Dan, Mr. and Mrs. Legitt were Sunday dinner guests at Mr. and Mrs. McDougall.

The Mennonite Ladies Aid met at Mrs. Pete Enns on Friday Feb. 18th.

The Students Union had a Valentine party at the Gen School in the afternoon; a good time was had by all.

There was a U.F.A. Card Party held in the Gen Hall on February 17th. Ladies first prize was won by Miss Jean Cameron and men's first prize was won by Mr. C. Marquess. Midnight lunch was served by the U.F.A. Ladies. After lunch the U.F.A. held their business meeting.

There is going to be a E.L.D. Meeting at the Gen Hall on Thursday February 22nd to discuss the possibility of starting a Glucose Factory. Mr. Brunson will address the meeting.

There will be the annual school Board meeting at the Gen school on Saturday February 24th. Don't miss it!

Mrs. Shephard and children, Mrs. J. Maguire and her mother, Mrs. Bond were Sunday afternoon visitors at Mrs. J. Ryan.

Mr. Shephard and children and Mrs. J. Maguire were Sunday evening callers at Mr. and Mrs. Samdahl.

NOTICE

To persons living in BASSANO MUNICIPAL HOSPITAL DISTRICT who are not liable for municipal taxes. If you wish to be entitled to the reduced rates for treatment in Bassano Municipal Hospital during the year 1945 your subscription of SIX DOLLARS is now due and payable. Payment by mail or in person to the Secretary, Bassano Municipal Hospital must be made before the last day of February 1945. Persons living outside of the Hospital District are required to pay TWELVE DOLLARS for the reduced rates.

GIVE TO RELIEVE SUFFERING

Prisoners of War, bomb victims, men in hospital, members of Canada's armed forces overseas and at home all testify to the immense and needy service performed by the RED CROSS. This great humanitarian work, MORE THAN EVER must go on as the war extends and intensifies, the need grows greater

Give GENEROUSLY to the

RED CROSS

SUBSCRIPTION RATES
1 year in Canada \$2.00
1 yr. outside Canada \$2.50
Advertising rates on application

PASSING And The PERMANENT CLIMAX COMING

A leading was correspondent of Britain, Sir Philip Gibbs, has written "Without some marvelous spiritual regeneration the civilization of the Continent of Europe is doomed." Marshall Smith of South Africa says: "Civilization is heat for Armageddon."

STILL A CLOSED BOOK

The Bible at least some part of it—has now been translated into 1061 languages used by 90 per cent of the world's population. However, only forty per cent can read, and so the Bible is still a closed book to at least two-thirds of the people.

THE WORLD'S ONLY HOPE

Said the Hon. Wm. E. Gladstone a great British prime minister: "Talk about questions of the day! There is but one question, and that is the gospel; it can and will correct in everything that needs correction. My only hope is to at least two-thirds of the people."

THE BIBLE IN SCHOOLS

Albert L. Aldrich says: "When I spoke to 800 students in a State Union I was informed that the Bible should not be mentioned in that school. The same afternoon I was also invited to talk to about 800 men in the State Prison and the Warden asked me to give them Bible truth."

"One of the Bible passed a law that the Bible could not be read in its schools, and the same state passed a law that a Bible should be put in the cell of every criminal. What reasoning! A father at the top of the precipice is a lot better than a hospital at the bottom."

SUPPRESSING THE TRUTH

Sir Charles Marston, the eminent British archeologist, recently said: "The tremendous and fascinating discoveries of the archeologists in Egypt and Palestine have brought to light undisputed evidence of the authenticity, accuracy and dependability of the Scriptures. We have the evidence, through scientific research, that the Bible is the infallible word of the living God. Application was made to the British Broadcasting Corporation for permission to broadcast these great discoveries, not only to Britain, but to the whole world. The BBC religious department however turned it down and refused permission to the distinguished scientists to use the microphone to tell the world of their wonderful discoveries as the result of patient and painstaking research. It is the trend of the times. More and more, the truth is being suppressed especially in the matter of the broadcasting the gospel, and it is only by night's surveillance that the gospel will be kept on the air in America or anywhere else. The prince of the power of the air will not permit this use of his realm to pass unimpeded."

JORDAN VALLEY AUTHORITY

Dr. W.C. Lowdermilk, one of the world's foremost authorities on soil conservation, says: "Study of the possibilities of what I shall call the Jordan Valley Authority has convinced me that full utilization of the Jordan Valley depression and adjoining drainage areas for reclamation and power will in time provide farms, industry and security for at least four million Jewish refugees from Europe. In addition to the 1,000,000 Arabs and Jews already in Palestine and Trans-Jordan. He recommends a series of canals to carry water from the Mediterranean to the Dead Sea, and has published his report in a 56-page pamphlet, "Palestine, Land of Promise" (Harper and Brothers, \$2.50).

Stock-Raising VS. Child-Raising

Roger Babson tells of being entertained at the home of a cattle fancier who is an ordinarily proud of his blooded stock. He showed Mr. Babson through his prize herd and explained the surprising knowledge of the pedigrees of his prize cattle. After returning to the home, a young time, however, the cattle of the home and they went out together. Mr. Babson asked who the young man was. The father replied nonchalantly "Oh, I don't know. Some friend of my daughter. I guess." Here was a man, observed Mr. Babson, who thought more of the pedigree of his choice stock than of the pedigree of the young man who was seeking the hand of his daughter! Unfortunately he is not the only father of his kind. Little wonder that their children make shipwreck on their lives.

GLASGOW'S MOTTO

Many years ago the city fathers of Glasgow, Scotland, adopted for the city a proud motto, "Let Glasgow Flourish by the Preaching of the Word." Within our own life time, however, the motto was shortened to read only "Let Glasgow Flourish"—period.

SOUL OR STATE— WHICH?

Said William C. Bullitt, former U.S. ambassador to France and Russia: "The deepest moral issue of the modern world is the issue of man as a son of God with an immortal soul, and in itself, against man as a chemical compound, the tool of an omnipotent State, an end in itself."

TAINTED MONEY

Liquor dealers of Dallas, Texas, offered three gifts to religious institutions in the city recently—\$75,000 to Baylor University (Baptist), \$50,000 to Southern Methodist University, and \$100,000 to St. Paul's Hospital (Catholic). The latter accepted; but the Baptists and Methodists declined, saying that acceptance would be inconsistent with their dry teachings.

PRESENT-DAY PALESTINE

Said Bronislaw Huberman, describing what he saw in the Holy Land: "Palestine settlers were from the start spiritualists. They said: 'Let there be no doubt, such miracles are actually being performed! This transformation of a barren country into a paradise of orange-groves and golden cornfields, of industrial cities and villages, with high-schools, a university. This renaissance of high culture on an ancient soil and of ancient spirit achieved in less than one generation deserves not less than the most magnificent of the Building of the Third Temple.'"

Palestine rejoices in a commercial and cultural renaissance, but of a spiritual renaissance—of a spiritual rebirth—she still is ignorant. When Christ returns and the hearts of Israel are turned to Him, that will be a miracle indeed.

Born Out Of WEDLOCK

Illegitimate births are increasing on both sides of the Atlantic. In the U.S. we had approximately 1,000,000 babies born out of wedlock every year, before the war. In one defense city last year the increase in illegitimacy was 60 per cent. In Great Britain, during the month in 1940, there were 7400 illegitimate births. During the same three months in 1944, there were 13,057, which means that the number has almost doubled since the war began and that the situation in Britain is as serious as that in the U.S. We pity the lot of the unwanted children and shudder to think of what this civilization will come to unless a great spiritual change is effected.

NJ PEACE IN SIGHT

Says the Denver Post: "No matter how much was a statesman talk of peace it is plain from their actions that what all of them expect is that the peace following World War II will be merely six weeks' rest. Why is there no peace in sight? Because there is no peace in the hearts of the people. 'Father, why don't you ever break one of the middle loaf, why do you break it, hide the remains, and then reveal them again? What does it all mean?' His father looked sternly at him and said, 'Abraham, are these questions in your book?' And the writer could not but answer, 'No father, they are not in the book, but I like to know. Then, replied the father, 'you should not ask such questions, for I myself do not know. It is a tradition, and it is being done everywhere. It is part of the Passover.'"

INCREASE IN CRIME

J. Edgar Hoover, head of the FBI says that the past three years of war have been the most terrible period in American history. The records of the FBI show that "crime is increasing," he said; "that murders, manslaughter, robberies, sex crimes and automobile thefts in America more than 4,000,000 criminals actively at work, plundering and murdering. There is an aggregate of 1,250,000 serious crimes and a national crime bill of fifteen billion dollars every year."

HITLER Worship

Even though deflates the Nazis in the face, they are holding up Hitler as an infallible leader. "He has a sixth sense," wrote Goebbels at Christmas, "that is the gift to see what he knows from the human eye. He knows about things to come. He is truth personified. Faith and will-power radiate from his person, and nobody escapes his spell. Only the world knew how much his love extends beyond his own people toward the universe they would forever their false god and turn to worship him, the greatest personage in history has known." The way the Germans have been taken in by the Hitler "myth" shows how possible it will be for the False Prophet to cause all the world to worship the Antichrist Revivalist.

No longer in remembrance of the broken chains; no longer in remembrance of the emancipation from Egypt; but in remembrance of Jesus, in remembrance of the liberation from the slavery of sin. He took fragments of the broken loaf and as every year, distributed them among the disciples and said "Take, eat, this is my body, which is given for you; this do in remembrance of Me."

Then followed the most remarkable explanation of the remainder of the story as observed on this day. Jesus took the remaining piece of the broken loaf and hid them. Then He said, "My disciples, you have been asleep on every year. I took the broken pieces of the loaf and hid them from you. But have never before explained its significance. This being the last supper with you before I suffer."

The Bible PASSOVER

Under special permission, reprinted from a book distributed by The Redeemed Hebrew, Box 60, Birmingham, New York. Price 30c. Related by Abraham Silverstein.

found in the land of Egypt this do, said, "My disciples, as I have done, every year so do I remove these broken fragments from its hiding place. In like manner will an Angel from heaven remove the heavy stones from the grave, and my body will once again be revealed to the world. A broken body, yes, a body pierced and wounded and the blood shed for the remission of the sins of the world, but a regenerated body nonetheless." Then Jesus put the broken pieces back again into the napkin, between the first and the third in replacing them, "I hid it, Jesus hid it, and it is back in its old place, so will all my body rise, ascend into the heavens, where I shall again sit at the right hand of God, and from where I shall return to judge the living and the dead."

"Thus we see, that Jesus designated the middle loaf as representing His own body. And if the middle loaf is the body of Jesus, then it follows that the top loaf represents the Father and the third, the Holy Ghost—the complete Trinity of God."

what a beautiful symbol! And to think that the Jews all over the world are observing this and know not its meaning! While Christianity is making progress among the heathen and is aware of the secret of the "Middle Loaf" broken for the world, the Jews who are the keepers of the ritual and all its implications are ignorant of the solution. May God grant that we who are enlightened concerning this Mystery, may choose God's will and give the gospel to the Jews.

THE PASSOVER LAMB
In Exodus, the twelfth, we find the command concerning the observance of this chapter. The Passover Lamb ranks highest in the observance of this Jewish Feast. We may confidently designate this part of the feast as the most important, for Christ is adorned with the name of "Our Passover" (1 Cor. 5:7). As will be seen in the comparison drawn in the Passover between the Passover Lamb and the Lamb of God, "Which taketh away the sins of the world," this item of the observance of this Jewish Passover is the most interesting and the first, type, of the Messiah, (Christ).

According to the command of God, the Jews were to select a lamb, the firstling as a basis for the feast of the Passover, as observed into this day by the Jews all over the world.

The following were the conditions imposed: The lamb was to be of the male sex, without blemish, i.e., if there was the slightest sign of imperfection in health or stature, or color, then the lamb was unfit for the holy purpose of the Passover. It was to be without blemish; it was to be kept alive for certain days after its selection, then it was to be made a sacrifice in the place of the sons of the Israelites, (see Ex. 12:18) the killing; none of its bones were to be broken; (see Ex. 12:10) its blood was to be sprinkled upon the side posts and upper door post for the protection of those who have applied the blood in that manner; it was to be roasted, with fire, and to top of the command the Lord promised them and there that "When I see the blood, I will pass over you."

Two or three more points concerning this remarkable command will be mentioned later in this chapter. But let us, for the benefit

BIBLE QUESTIONS ANSWERED BY THE VOICE OF CHRIST BIBLE PROPAGATOR

Question—Please tell me if the Bible gives any hope to a backslider?

Answer—Much hope, indeed! Hebrew 10:14: "It will have been sufficient, I will love them freely, for mine anger is turned away from them."

Q—Does it really make any difference what a man believes? A—Let us read 1 Thessalonians 2:13: "But we are bound to give thanks always to God for you, brethren beloved of God, because from the beginning chosen you to salvation through sanctification of the Spirit and belief of the truth."

Q—Do you think Jesus knew that He would rise from the dead? A—According to Matthew 16:19, He did: "From that time forth, because thou hast said these words, I will give thee the keys, and whatsoever thou shalt bind on earth, shall be bound also in heaven, and whatsoever thou shalt loose on earth, shall be loosed also in heaven."

Q—Was not the Sabbath day merely an issue of church people and preachers?

A—No. It was blessed and set apart as God's rest day long before there were Jews, churches, church people or preachers. Here is the record in Genesis 2:3: "And on the seventh day God ended His work which He had made; and He rested on the seventh day from all His work which He had made. And God blessed the seventh day, and sanctified it: because that in it He had rested from all His work which God created and made."

Q—Did Christ actually ever miraculously heal the sick?

A—His miracle enemies admitted that He did. John 11:47: "The Jews therefore which believed in Him, when Pharisees and a council, and said, What do we for this man do, which doeth such signs?" The apostle Peter also says that He did. Acts 2:22: "Ye men of Israel, hear these words: Jesus of Nazareth, a man approved of God among you by miracles and wonders and signs, which God did by Him in the midst of you, as ye yourselves also know. Christ himself said that He performed miracles: 'But I will tell you the things of God cast out devils, no seek the kingdom of God is come upon you.'"

ED NOTE: Address your questions to THE BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles, California. Your question and interest will be answered in this column as soon as possible.

of our Jewish readers, make our comparison between this Jewish Passover—Lamb and the Messiah for whom the Jews have been waiting ever since that command was given. Some people will be willing to acknowledge that the Passover-Lamb specifications were distinctly meant to foreshadow the story and suffering of the Messiah, but we will draw their attention to the fact that the Jews have taken it as extreme, when we claim, that there is not another chapter in the whole Bible, with the exception of perhaps the Fifty-third chapter of Isaiah, which so clearly defines the King of the Jews.

Let us, therefore, take up these points and see how they fit into the various occurrences and stages of the story of our Lord in doing this we will now add some other points left out above.

In the first place the need of a Passover Lamb was felt, at the time of Moses. Spiritually speaking, the whole world was in bondage and the world groaned under the heavy load of sin which the shepherds in the field and the wise men went in search for the newborn King of the Jews. False religions had and still have been set up, and many study shadows that our Redeemer was to be of the male sex; as was the Passover Lamb. No particular reason was given why a male lamb was to be used, except as we take it to determine the coming of Him who was the Son of God. The male was to be a firstling of the first year, was to be of the year of the firstborn of Mary the virgin, (Isaiah 7:14) after the lamb was set aside for the holy purpose it was to be used, and certain as we were that the Messiah was to come on earth, among us for a certain time, before He finally filled His blessed role as the Lamb of God, The Passover Continued in the next issue.

CANADA'S VETERANS

Their Post-War Opportunities

An advertisement explaining to the people of Canada the re-establishment credit available to men and women of the Armed Forces.

The Re-establishment Credit— AN EXPLANATION OF THE GRANT

In planning the return to civilian life of men and women in the armed forces, Canada's parliament realized that assistance in re-establishment must cover a wide variety of fields. For many—particularly younger members of the forces—the best method of effecting permanent re-establishment will be through training or through an opportunity to continue an interrupted education. Others can be assisted through land settlement—either on full time farms or on small holdings operated with some regular form of employment. In many cases a combination of these two things—training and land settlement—will be the solution. Legislation for this type of re-establishment was provided early in the war.

ANOTHER LARGE GROUP

There is, however, another very large group who do not need training and who are not suited for land settlement as provided under the Veterans' Land Act. After long months or years in uniform, these veterans will need assistance too. There will be those who were unable to carry out their own homes but who have their service. There will be those who own homes but who have been unable to carry out their own homes but who have their service. There will be those who own homes but who have been unable to carry out their own homes but who have their service. There will be those who own homes but who have been unable to carry out their own homes but who have their service.

PAID UNDER WAR SERVICE GRANTS ACT

The Re-establishment Credit is made available under the same Act of Parliament which provides War Service Grants. It is not a loan but an outright grant, paid to eligible veterans to aid in re-establishment if the veteran decides not to use land settlement or training benefits. It may be used in Canada only at any time in the ten years following discharge for certain specified purposes as outlined in this advertisement. The grant is called a "credit" because it is an amount carried on the ledger to the credit of the veteran for ten years until used by him for a re-establishment purpose.

HOW TO APPLY FOR RE-ESTABLISHMENT CREDIT

The re-establishment credit is in amount equal to the basic War Service Grant—that is, \$750 for each 30 days' service in the Western Hemisphere and \$112.50 for each 30 days' service overseas. The amount is computed by the branch of the armed forces with which the veteran served, and for that reason application first must be made for the War Service Grant. When a statement showing the amount of the basic grant has been received by the veteran, the amount of the re-establishment credit may be made to the Department of Veterans Affairs on a form which may be secured from

any district office of the department. Application for the war service grant is made to the branch of the armed forces with which the veteran served and forms may be secured at any armed forces depot or at any office of the Department of Veterans Affairs.

STUDY ALL MEASURES BEFORE APPLYING

It is important that every veteran shall have made a definite decision as to future plans before applying for the re-establishment credit. Payment of the re-establishment credit delays the veteran from educational and training grants and benefits under the Veterans' Land Act, most on application for the credit the veteran elects not to take advantage of these other benefits. Any benefits under the Veterans' Land Act and payments to it on behalf of the veteran against the credit. Do not apply for your re-establishment credit until you have studied all other rehabilitation measures. Advice of department officials is available to assist you.

PURPOSES FOR WHICH CREDIT MAY BE USED

Grant of the credit may be authorized for the following purposes:

- (a) To assist in home owning;
- (b) To assist in building a home;
- (c) To assist in home repairing or modernization;
- (d) To buy household equipment and furniture;
- (e) To buy tools, instruments, etc. for trade, profession, or business;
- (f) To provide working capital for profession or business;
- (g) To buy a business;
- (h) To pay premiums on Dominion of Canada insurance;
- (i) To buy special equipment required for educational or vocational training.

In the case of (a), (b), (c) and (d) above, the veteran must put up one dollar for every two dollars used from the re-establishment credit. If experience shows a breaching of these purposes is needed, provision has been made for it.

Question—Who will receive fully allowance?

Answer—The family allowance Act provides that regular cash allowances be paid for each child in Canada under 16 years of age or, untrained or parent.

Question—How many children benefit?

Answer—The Dominion Bureau of Statistics estimates that by July 1945 there will be 1,338,070 children under 16 years of age in Canada and it may be assumed that almost all of them will benefit.

Question—When do payments start?

Answer—July 1945.

Question—How will allowances be paid for?

Answer—Out of the general revenue of the Dominion Government.

Line Elevator Farm Service

Winnipeg, Manitoba

Production Objectives

The Dominion Department of Agriculture is to be commended for

the early release of a statement as to

desired increases or decreases of various agricultural products.

Objectives were published last December. Recommended or, in some cases, expected acreages or

production for 1945 are expressed as percentages of 1944 acreages or

production.

An increase in almost all agricultural production is desired. The following figures merit the attention of Prairie Province farmers:

Increases (% of 1944). Oats, 12;

barley, 10; rye, 10; wheat, 12;

alfalfa, 10; sheep and lambs, 3;

crimson clover, 5; eggs, 5; rape seed, 75;

sunflower seed, 45; sugar beets, 20;

alfalfa seed, 60; crested wheat seed, 60;

crimson clover seed, 25.

Slight Change, or None. Hay and

clover, hogs, dairy produce other than

creamery butter, honey, wool.

Decreases (% of 1944). Wheat, 8;

rye, 20; sweet clover seed, 38;

crimson clover seed, 25.

The position of seed flax is, as we write, in doubt. It is probably

safe to assume that an increase in production would be welcomed, and

that this will not be realized without a substantial increase in price.

The above programme is an ambitious one. Farm labour will, certainly not in plentiful and, in consequence, there will be a temporary

to increase wheat at the expense of other farm products.

The government recommendations have been made after careful consideration of our own and our allies

needs.

With the year's wheat statistics in mind, the Dominion Provincial Agricultural Conference met recently in Ottawa, and recommended that Canada reduce its wheat acreage by 500,000 acres in 1945, and increase its coarse grain acreage to provide feed reserves for livestock.

The reason? Canada's wheat stockpile stands at 500 million bushels, and in spite of the fact that the Argentine 1944 crop is only two-thirds of its average 1932-1941 crops, and that of Australia less than a third. Agricultural leaders feel that there is plenty of wheat on hand to meet any demands made on it.

Attention! Goods Have Ceiling

In the case of goods sold at auction, the auctioneer simply acts as an agent for the original owner. The goods must not be sold for more than a fair and reasonable price, and in no event should the auctioneer allow any article to be sold at more than the price of a new one.

There have been three really bad mailbag fires lately from this cause, but although they have been given a great deal of publicity, the parcel-packers keep right on packing in their loose matches, and close to lighter fluid too.

Another thing you can do if you have decided simply to make a nuisance of yourself, and that is to pack in cocoa powder or chocolate syrup in a cardboard container. This is the very latest

tip, and it looks as if these two sweet things were going to outbid jam, honey and molasses for pride in a place.

It is just amazing what parcel-packers can do. There are so many badly packed parcels reaching the Army Base Post Office at Ottawa that the authorities are regularly repacking 5,000 of them a month.

COMING ELECTION MAY BE ON FREE-FOR-ALL SCALE

It is now evident that the next federal general election is to be an unprecedented scramble among candidates representing a variety of parties. It is estimated that there will be more than 600 contestants in the field for the 225 Commons seats. There will be a multitude of three-way contests, many four-cornered battles and several ridings in which there will be five or more candidates. In this respect the national campaign will be a free-for-all on a scale never before equalled.

The Liberal party is the only

one which plans to have candidates in every riding in Canada. The C.C.F. is next with official forecast of 225 and the Progressive Conservatives plan to have more than 200. The Labor Progressive party intends to have from 70 to 75 nominees, mainly in urban-industrial constituencies.

In addition the Social Credit, Bloc Populaire, Quebec "Canada Party" and Unione Nationale will likely all have candidates in the fifty-eight parties in addition to a probably fair-sized crop of independents. Unione Nationale nominees may pick another name for the federal field in order to attract support outside the straight Duplessis supporters.

Money in Canada

Ordinary, every-day Canadians each have \$125 more cash in their pockets or in the bank than when the war started. They also hold an average of \$600 in war bonds for every man, woman and child in the nation. This does not include extra cash nor victory bonds held by corporations or financial institutions.

This was revealed in the annual report of the publicly-owned Bank of Canada covering 1944 operations.

The report also showed that Canada has spent \$17,000,000,000 on the war, more than 10 times as much as Canada spent in the first world war and a total of \$20,000,000,000 since the war started. Of this huge sum half has been paid by taxes and current revenue. Of the balance about \$4,000,000,000 has been financed by war bonds bought and retained by individual Canadians which means the ordinary man and women in all sections of the country.

Last year the Bank of Canada made profits of \$20,500,000 of which it paid \$18,500,000 to the federal treasury after adding \$2,000,000 to the rest fund as required by law.

Continued from Page one.

A Resolution was passed authorizing the Signatures of the Mayor or Deputy-Mayor and the Secretary Treasurer on all cheques drawn on the accounts of the Town in the Royal Bank of Canada.

An application for Relief was referred to the Relief Committee for more information and report at next Meeting.

The Meeting then adjourned
